

Staff Council Elections 2024 - for a strong representation of interests!

As a **committee elected by you**, the Staff Council for Academic and Artistic Staff represents the interests of academic staff vis-à-vis the university.

On the basis of the State Staff Representation Act, we have a say when it comes to your workplace and working conditions. All personnel matters from recruitment to the termination of employment are subject to our co-determination. We are involved in projects relating to workplace design, e.g. reorganisations and technical measures, issues relating to working conditions, occupational health and safety. Last but not least, we have successfully negotiated key agreements for you, e.g. on mobile working and car parking. If you have any questions or problems, we are there for you. We offer competent support, advise you individually and work with you to find solutions.

Committed colleagues wanted!

Staff Council elections will take place in June 2024. The election period lasts until June 2028. We would like to continue to successfully advocate for the academic staff at the UoC. To do this, we need the support of new members, including younger ones.

Candidate for the Staff Council! You should bring commitment and interest in the concerns of your colleagues, enjoy working in university committees and working groups and be curious to get to know areas of work outside your area of expertise. You do not need any prior knowledge. You will acquire the necessary expertise in further training courses.

Can you imagine strengthening our committee?

Then please take part in our information event! This will give you the chance to find out who we are and how we work:
